

## Curbside pickup available

Avoid the cold, the snow and COVID by utilizing the curbside pickup option available at South Whitley Community Public Library.

Call the library or fill out the online form with the items you want. Library staff will gather your materials and call you when they are ready for pickup. When you arrive, look for the curbside pickup sign on the east side of the building.

Browse the online catalog or utilize the library's Readers' Advisory service to help you find the items you want. Both services can be found on our website, [www.swcplib.com](http://www.swcplib.com).

## SWCPL on YouTube

SWCPL's YouTube channel is home to the library's collection of virtual programs. On our channel are the weekly yoga sessions led by Anna as well as some adult, children and historical programs.

In the future, more videos of virtual programs, both past and present, will be added to the channel.

## Interested in history?

The library is launching a South Whitley stories project (check out the video on YouTube for more information about this project) and is hosting a call-out meeting for volunteers. The meeting will be on Jan. 26 at 3 p.m. at the library and also via Zoom. The program will include an overview of the project, the various roles, tentative timeline and brainstorming. Anyone interested in participating in any capacity in this project is encouraged to attend.

# Clue

## SWCPL Winter Reading

**This year brings Clue-themed activities and prizes. Complete fun tasks for an entry to win! Get your game board at the library or on our website beginning Mon., Jan. 4.**

## Food for Fines

January offers patrons the chance to clear fines from their account while helping out the South Whitley Area Community Food Bank at the same time.

During January, fines can be "paid" by bringing in a non-perishable food item. Each item donated equals \$1.00 of forgiven fines for overdue SWCPL materials.

## Location changes for some items

Library staff have been busy moving parts of the collection to alleviate overcrowding and to make browsing easier. The biggest changes will be noted in the nonfiction section. Paperback books, which were previously shelved along the west wall of the nonfiction area, have found a new home near the fiction titles. Nonfiction and children's DVDs were shifted to make room for the paperbacks.

History, biography, geography and travel nonfiction books took over the space opened up by moving the paperbacks. The rest of the nonfiction collection was shifted in the section.

Patrons will also find a new location for newspapers and CDs. Periodicals are located on the east side of their original shelf. The puzzle exchange has returned and puzzles along with library publications can be found next to the café.

Other changes include grouping the adult Playaways together in audio-books, and moving graphic novels and nonfiction books in the children's room. As always, if you need help finding something, just ask a staff member.

Above Vickie Fleischauer works at shifting the DVDs to make room for the paperbacks. At right Logan Brown and Maddie Shultz shift the nonfiction titles.
